Office of the Deputy commissioner,
Bangalore District,
Bangalore, Dated 18th October, '48.

To

Janab Syed Abdul Aleem, B.A.,
Secretary to the Government of Mysore,
Revenue Department, B a n g a l o re.

Sir,

Sub -- Purchase of a 30 H.P. Electric pumping set for Chennapatna water works

I write to state that at present the chennapatna water works is equipped with a 15 H.P. pumping unit This set being wornout the sanitary Engineer, Bangalore Bureau of Sanitary Engineering Bangalore has advised that it is imperative to change the present pumping unit, as it is in a bad condition and to avoid the ~~irre~~ work done of supply of water to the town He has further stated that it is necessary to instal an electric pumping set of 30 H.P.

To avoid grave consequences such as the breakdown of the supply of water on account of the failure of the pumping set working at present, the Municipality deposited Rs 11,250/- being the cost of installing a Electric pumping set of 30H.P. as per estimate furnished by the sanitary Engineer, Bureau of Sanitary Engineering, in anticipation of obtaining the necessary sanction for their action

The Sanitary Engineer has informed in his letter No 182 dated 16/8 /1948 that action has been taken through the stores purchase committee to obtain the required ~~chamber~~ pumping set.

As regards the expenditure involved, the Municipal council, Chennapatna, have resolved at their meeting held on 31/7-1948 to request Government for the sanction of a water supply grant of Rs.5,625/- being half the cost incurred on the above account

I have already forwarded the Budget estimates of Chennapatna Municipality for sanction of Government with necessary letter No. M6 504/48-49 dated and it will kindly be observed that the financial condition of the Municipality is not satisfactory It has several immediate commitments to discharge and a sum of Rs.19,224/- is ascertained to be due by this Municipality on account of the Annual maintenance charges of the water works itself. I have taken necessary steps to avoid further accumalation of arrears and I have called upon the Municipality to pay up the above arrears Kind reference is also invited to be observations made in the inspection Notes of this Municipality, a copy of which has been submitted for the information of Government with this office letter, No M6.4344/47-48, dated _ ?

It will thus be observed that the Municipality is placed in difficult condition and the request of the Municipal council for the Government grant of Rs 5,625/- deserves favourable coniderratio Further neither town improvement grant nor water supply grant has been sanctioned to this Municipality in 1947-48.

Under the above circumstances I recommend that Government, may be pleased to sanction a water supply grant of Rs 5,625/- for the above works and also approve the action by the Municipality in having deposited Rs 11,250/ in anticipation of sanction
